Letter No. 05.03.01-002064

Michael Flowers  
Project Executive  
American Bridge/Fluor, A JV  
375 Burma Road  
Oakland, CA 94607

Dear Michael Flowers,

**Authority to Proceed - CCO 84 – Weight Control**

As discussed in the Cable Engineering Meeting held on May 28, 2008, you are hereby authorized to proceed with development of a plan for improving the weight control information by measuring and tracking plate thickness at ZPMC. This plan should identify staffing, equipment and timeframe so that an overall cost can be estimated. The plan should also identify suggested types of measurements, frequencies and a format for tracking and reporting the findings.

This letter constitutes an authority to proceed in accordance with the provisions of Section 4-1.03, "Changes," of the Standard Specifications and is not to exceed \$6000. This work shall be tracked and paid for under Contract Change Order (CCO) 84.

Please contact Rick Morrow or Brian Boal if there are any questions.

Sincerely,

A handwritten signature in blue ink that reads "Gary Pursell".

GARY PURSELL  
Resident Engineer
